

Prodim Plotter

The Prodim Plotter is the ideal solution that lets you transfer your digital templates to the physical world. No matter what you measure or design, now you have the solution to transfer these shapes to your material efficiently and economically. Just click in a pen or sharpie and plot your drawing.

When you have created your design or prolined existing shapes, use the easy to use Prodim Plotter Host software. This software is developed to manage, edit and nest your jobs with 3 key words in mind; simple, simple, and simple. This simplicity improves your production process whereas other programs frustrate it. The Prodim Plotter is rigid and precise making it durable and a proud step forward for your business. If the step to CNC cutting is too big, the Prodim Plotter is your solution.

Professional Dimensioning
for **Production Improvement**

Requirements

- Computer: Windows XP, Windows 7, 8, 10
- Ethernet outlet
- Power outlet 110V - 230V

Package

- Enclosure
- Arm
- Guide rail 8 m - 315" (4 pcs)
- Pen carrier
- Absorber pen adapter
- Installation manual
- Power and data cables
- Prodim Plotter software (download)

Specifications

Standard Plotter 72" (LxWxH)

- Plotter dim.: 8.10 x 2.30 x 0.25 m - 319" x 91" x 10"
- Plotting range: 7.30 x 1.83 m - 287.5" x 72"
- Min. Table dim.: 8.50 x 2.30 m - 336" x 91"

Standard Plotter 100" (LxWxH)

- Plotter dim.: 8.10 x 3.00 x 0.25 m - 319" x 118" x 10"
- Plotting range: 7.30 x 2.53 m - 287.5" x 100"
- Min. Table dim.: 8.50 x 3.00 m - 336" x 118"

- Accuracy: ± 1 mm / ± 0.04 "
- Pen type: Universal marker, 20 mm - 0.8" outer diameter,
12.7 mm - 0.5" outer diameter using the absorber pen adapter.

Advantages

- Easy to use, fast and effective, saving time
- Precision thanks to the advanced technology,
allowing to print more precise lines.
- Eliminate mistakes
